March 18, 2020

Dear FTS families,

I hope this letter finds you all in good health and enjoying each other's company!

During this week, our custodial staff worked diligently to clean and disinfect the entire building so we can welcome children back to a clean, healthy environment. Effective March 19th through March 27th, the main office and support services will be working remotely from home as well so please email any questions or concerns you may have.

As you know, last week, FTS provided your children with 10 days' worth of instruction. In the event this closure needs to be extended, teachers have prepared an additional 10 days' worth of lessons. Contained in this packet is information your child will need for an additional 10 days plus anything your child's teacher is posting on your classroom communication platforms. Some teachers are using Google classroom and class dojo to post assignments so please continue to communicate with your child's teachers regarding instructional assignments. Students in grades 4-6 should be checking their Google classrooms daily. Teachers will continue to be available to you during normal school hours, if the closure gets extended. If this closure does need to be extended, we will communicate via Honeywell, our website and Facebook.

It is our intent to provide our families with as much support as possible. Please keep in mind that remote instruction is new for everyone and we will address questions or issues as they arise. Your child's teacher is ready and willing to assist you through this process. We will be posting pertinent information and updates to our website to help keep you informed so please check often for updates. Thank you for your understanding and support during this unprecedented situation.

Sincerely,

A handwritten signature in black ink that reads "Stephanie Bonaparte". The signature is written in a cursive, flowing style.

Stephanie Bonaparte
